The children were also asked what we could do to improve the academy. There were many exciting ideas including having even more outdoor play area to building a swimming pool! Others said, "NOTHING!" as they were happy with GLPA. However, some ideas we have been taking on board are the following:

- More outdoor activities on infant playground- In the next term, new playground markings and climbing frames are being installed to focus the break time and lunch time play as well as provide additional outdoor learning opportunities.
- People being fair in games- This term there will be new "Sports Leaders" on the KS2 playground to support the fairness of games during break time and lunch time.
- Different kinds of after school clubs- We have been increasing our after school clubs and looking at providing a balance of activities and sports to add variety.

We are pleased with the results. However, we are always striving for 100%. If you or your child has any concerns, please contact the class teacher. We are more than happy to listen and improve GLPA.
